

# Pybus market

A market where you can buy nearly everything

big market

- you can buy everything: toys, clothes, soap, food,...
- it is inside and outside (if the weather is good)

Market

GPS: N 47.425155 - W 120.307288

Opening hours: 8AM - 9PM

Location: in Wenatchee

Experience

- very cool because you can buy everything
- I had not expected the market to be inside
- many people were there, we couldn't find a parking spot

personal impressions

- I visited every shop
- I was there for about 2 hours
- I liked the fact that you can buy everything there
- everyone should go

My tipp:

There's a world map there, where you can put a pin in the place you are from.
